The Global Entertainment  
Technology Show for Light,  
Audio, Stage, Media + Events

prolight+sound

25. – 28. 4. 2023  
Frankfurt am Main

## SOCIAL MEDIA – Follow us!

Social media has long since become an indispensable part of communication and helps to spread messages about product and trade fair topics.

The Prolight + Sound channels alone already have over 100,000 followers.

### **Together we can reach even more potential customers.**

We are also happy to share and like your posts about your products and your participation in the fair. To make sure we see your posts, we invite you to subscribe to our channels and tag us in your posts or use our official hashtag.

Advantage for everyone: We increase the reach of your and our social media messages – not only on the trade fair date, but all year round.

### **Let's get social:**

#### **Hashtag: #prolightsound23**
